M.Tech – Embedded Systems

Mobile.no: 9894642343

E – mail: cb.en.p2ebs24019@cb.students.amrita.edu

Career Objective:

To obtain a position in a reputed organisation which provides me with ample opportunities to enhance my skills and knowledge along with contributing to the growth of the organisation.

Professional Experience:

Project coordinator and HR,
Pepy Technology, Coimabtore
August 2022 – June 2024 (1 yearr 10months)

- Successfully completed many websites in static, dynamic and e-commerce websites which includes small budget to big budget websites.
- Ensured all the inputs are clearly made and developed as the clients instruction.
- My big wedsite is Ziggy website designed for cats, dogs and birds accessories, food dress etc.

Junior Data Analyst,
Mahathi infotech,
nanjundapuram June 2021 –
May 2022 (11 months)

- Analysing the documents and correcting it.
- I trained in F&S and BRAC.

Academic Qualification:

Year	Courses	Institution	CGPA/Percentage
2024 - 2026	M.tech - EBS	Amrita Vishwa Vidyapeetham, Coimabtore	6.93 (till third semester)
2021	B.E – EEE	Sri Ramakrishna Engineering School, Coimbatore	7.83
2017	XII Std	A.L.G.Matriculation.Higher.Secondary.School	85.33%
2015	X Std	A.L.G.Matriculation.Higher.Secondary.School	89.8%

Projects:

Project Title: "Design and Implementation of Human Stress Detection Systems: Especially for Autistic Children" (Main Project) Duration – 6 Months

i. Our project is to measure the vital signs of the human body, collect, record and analyse the data to detect the emotional pain (i.e.,) mental stress in an electronic format. This is applicable for autistic children. Our project was published in international conference on artificial intelligence for IoT and sustainable electrical networks (ICAIISEN'21) conducted by SRM TRP Engineering College.

ii. Circuit design, Assembling, Operating and Presenting the project is the role which I

contributed.

Project Title: "Red Tacton" (Mini Project) Duration – 6 Months

i. Our project is mainly for security purpose and can be used for military basis for handling confidential data and safeguard the data and it works by human body as transmitting and receiving medium.
ii. Assembling, Operating and Presenting the project is the role which I contributed.

Project Title: "Automatic Power Factor Corrector" (Mini Project) Duration – 6 Months

i. Our project is to increase the power factor penalty which is the major problem faced by industries in india.
iii. Circuit design, Assembling and Presenting the project is the role which I contributed.

Projects in M.tech:

i. Smart pill dispenser – ESP32 (July 2024 – November 2024)
ii. EEG signal analysis for stroke prediction (July 2024 – November 2024)

Professional Proficiency:

i. Softwares: Pspice, AutoCAD, Matlab, Altium Designer, LabVIEW and Ansys.
ii. **Cerfication Courses:**
   - Completed "Business English Certificate Preliminary" with the score of council of Europe level A2.
   - Completed "Certificate in C programming" in Bharathidasan university with first class with distinction.
   - Completed "C++ programming" in karpagam university with the score of 80%.
   - Completed "Python" in code infinite software training institute with the score of 85%.
iii. **Completed One Credit Courses:**
   - "Hybrid Vehicles" by Spero Bytes.
   - "Industrial IoT" by Kalycito
   - :Power Semiconductor – Charateristics, Driving and Applications" by ABB Ltd.
   - "Industrial Process and Automation (PLC, SCADA) by Axis Global Automation Pvt. Ltd.
iv. **Paper presentation:**
   - MHRD – SREC Ideation Contest 2019.
   - NEC Start Up Entrepreneurship Summit 2020.
v. **Attended Worshops on:**
   - Integration of Renewable Energy and Smart Grid.
   - Design of Electrical Machines for Vehicle Application.
   - Design and Fabrication of PCB using Altium Tool Box.
   - Research Opportunities in Power Electronics forPower Engineers.
vi. Programming – C, C++, Python and Java
vii. **Achievements:**
   - Selected for the final round in MHRD – SREC Ideation Contest 2019.
   - Selected for the final round in NEC Start Up Entrepreneurship Summit 2020.
viii. **Industrial Training:**
   - Undergone implant training at signal and telecommunication (southern

railways), podanur for duration of ten days.

- Visited kaynes technology at mysore.

ix. **Personal Skills:**

- Presentations skills.
- Effective communication skills.
- Good analytical and observational skills.
- Problem – solving skills.

x. **Area of interest:**

- Electrical machines – AC & DC.
- Transmission and distribution of electrical energy.
- Digital logic circuits.

Personal Dossier:

Date of birth:	August 3rd , 1999
Language proficiency:	Read – English, Hindi, French Write – English, Hindi, French Speak – English, Hindi, French, Tamil
Strength:	Self – motivation, communication skills
Hobbies:	Valley ball, trekking, shuttle
Nationality:	Indian
Address:	68a, Sowri Muthu layout, Puliakulam, Coimbatore – 641 045.
Martial status:	Single
Gender:	Male

Declaration:

I hereby declare that the details and information given above are complete and true to the best of my knowledge.

Place: Coimbatore
Date: 05/02/2026
